Letter of Recommendation for Sarra Ayeb

To whom it may concern:

Dear Sir or Madam,

I know Sarra Ayeb as a full-time graduate student at the National School of Electronics and Telecommunications (ENET'Com), Sfax, Tunisia. I taught her Object-Oriented Programming (Java language) and Mobile Programming (Android) courses. During the next semester, the candidate will follow my academic courses for Graph Neural Networks and Computer Vision.

As a student of mine, I can say with confidence that she is one of the best students I have met over the years. She is committed to her studies, and her dedication and high standards in completing whatever was required to succeed were remarkable. Sarra Ayeb is a very driven and hard-working person of whom I think highly.

Her skills and hard work have placed her among the best students. She has excellent interpersonal skills and is an effective team member with great spirit.

Considering her current interest, I strongly recommend Sarra Ayeb's application for the MITACS Program.

If you need more information, please do not hesitate to contact me.

Best regards.

Sfax, September 14, 2026.

Tarak BEN SAID

Associate Professor in Computer Science at ENET'Com

PhD, Eng. from National School of Computer Sciences (ENSI), Tunisia
